ENGR POLYMER & CHEMICALS LIMITED
DIRECTORS' REVIEW TO THE SHAREHOLDERS
ON UNAUDITED CONSOLIDATED INTERIM FINANCIAL INFORMATION
FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2014

On behalf of the Board of Directors of Engro Polymer & Chemicals Limited, we would like to present the unaudited Financial Information of the Company for the nine months ended September 30, 2014.

Business Review

PVC domestic sales dampened during 3Q 2014 due to downward PVC price trend, Eid Holidays and decline in export of pipes and fittings to Afghanistan market due to duty imposition there. PVC price and exchange rate uncertainty during earlier part of the year also affected YTD September sales. PVC – Ethylene price delta was lower in 3Q 2014 as compared to previous quarter. During 3Q 2014, 5% regulatory duty was imposed on imports of Ethylene and EDC through an amendment in SRO 565(I) of 2006 by the Federal Board of Revenue which increased Company's raw material cost and impacted Company's profitability and cash position. This matter is being pursued with relevant Government authorities for recourse. The Company sold 27.1 kilo tons PVC in domestic market in 3Q as compared to 35.5 kilo ton in same period last year. YTD September 2014, the Company sold 90.6 kilo tons PVC in the domestic market as compared to 103.9 kilo tons in the same period last year. YTD September 2014, the Company exported 9.8 kilo tons of PVC to partially offset lower domestic sales.

In the domestic Caustic Soda market higher cost due to rising energy prices and price pressures on account of long product supplies affected Company's margins. During 3Q 2014, 22.4 kilo tons Caustic Soda was sold as compared to 24.9 kilo tons during same period last year. YTD September 2014, the Company sold 68.7 kilo tons Caustic Soda as compared to 71.4 kilo tons last year. During the period, 2.9 kilo tons Caustic Soda was also exported to manage competitive pressures in the domestic market. The Company also sold 14.6 kilo tons of Sodium Hypochlorite and 12.0 kilo tons of HCl till September this year.

PVC resin production during YTD September 2014 was 108.7 kilo tons as compared to 105.6 kilo tons in the same period last year. The Company successfully completed PVC debottlenecking project which has increased PVC production capacity by 15 kilo tons per annum. This capacity enhancement will allow the Company to convert its surplus Vinyl Chloride Monomer (VCM) into PVC which will result in better margins for the Company. VCM plant produced 115.4 kilo tons VCM till YTD September 2014 as compared to 124.1 kilo tons in same period last year. VCM production was lower compared to same period last year due to operational issues at the plant. Caustic Soda production during the period was 87.3 kilo tons as against 84.5 kilo tons during same period last year.

The Company recorded a revenue of Rs.17,147 million YTD September compared to Rs.18,137 million in same period last year. Lower margins and sales volumes for both PVC and Caustic Soda impacted the bottom line earnings. Pak Rupees appreciation against US Dollar this year also constrained Company's profitability, however the consequent gain on foreign exchange liabilities provided support to the overall profitability. The Company posted a Loss After Tax (LAT) of Rs.33 million during YTD September 2014 as compared to a Profit After Tax (PAT) of Rs.552 million in same period last year. The Loss per Share for YTD September 2014 stood at Rs.0.05 as compared to a Profit per Share of Rs.0.83 in same period last year.

The Company continued to maintain its focus on safe operations. Safety Integrity Level (SIL) / Layer of Protection Analysis (LOPA) was conducted at the VCM plant to enhance plant safety. A second party environmental audit based on British Safety Council 5 star system was also conducted at the plant site and a 3 star score was achieved by the Company.

Future Outlook

Domestic PVC demand is expected to remain stable during 4Q 2014, however, core PVC and Ethylene margins are expected to remain under pressure due to decline in PVC prices which will be partly offset by Ethylene price decline. Domestic demand of Caustic Soda in 4Q 2014 is expected to remain stable, however, margins will remain under pressure due to high energy prices and long product supplies in the market. Moreover, any further increase in domestic natural gas prices in addition to increase in natural gas cess could be a possible challenge during next quarter.

9. TAXES RECOVERABLE

9.1 Tax Year 2008

The Deputy Commissioner Inland Revenue (DCIR) through the order dated November 26, 2009 raised a tax demand of Rs. 213,172. The demand arose as a result of additions on account of trading liabilities of Rs. 47,582 under section 34(5) of the Income Tax Ordinance, 2001 (The Ordinance); disallowance of provision for retirement benefits of Rs. 5,899; adding imputed interest on loans to employees and executives of Rs. 16,069 to income; disallowing finance cost of Rs. 134,414 and not considering adjustment of minimum tax paid for tax years 2004 to 2007 against the above demand.

The Company filed an appeal against the aforesaid order before the Commissioner Inland Revenue Appeals [CIR(A)], but discharged the entire demand through adjustment against assessed refunds of Rs. 180,768 and paying balance of Rs. 32,404 'under protest'.

During 2011, through appellate order, the CIR(A) maintained certain additions aggregating Rs. 189,810 including finance cost amounting to Rs. 134,414 and remanded back the issue of imputed interest on loans to employees and executives and directed the DCIR to allow credit of the minimum tax charged for the period of tax years 2004 to 2007. An appeal against the said appellate order was filed by the Company before the Appellate Tribunal Inland Revenue (ATIR). The department also filed an appeal against the said appellate order challenging the actions of the CIR(A).

In 2013, the ATIR issued an order whereby the aforementioned appeal was disposed off by accepting Company's position except for additions on account of trading liabilities to the extent of Rs. 20,280 and minimum turnover tax for tax years 2004 and 2007 to the extent of Rs. 19,692 and Rs. 7,300 respectively, which were maintained.

The Company, based on the advice of its tax consultant has filed a reference to the High Court of Sindh against the additions maintained by ATIR. The management of the Company is confident that the ultimate outcome of the aforementioned matters would be favorable and consequently has not recognized the effects for the same in the consolidated condensed interim financial information.

9.2 Tax Year 2009

The DCIR through order dated November 30, 2010 raised a tax demand of Rs. 163,206. The demand arose as a result of disallowing finance cost of Rs. 457,282; additions to income of trading liabilities of Rs. 21,859 under section 34(5) of the Ordinance; disallowing provision for the retirement benefits of Rs. 14,239; disallowing provision against receivable of Special Excise Duty (SED) of Rs. 36,689; adding imputed interest on loans to employees and executives of Rs. 20,599 and not considering net loss as per the revised return as a consequence of the matter explained in note 11.3.

The entire demand of Rs. 163,206 was adjusted against assessed tax refunds and an appeal was filed by the Company before the CIR(A).

In 2011, through an appellate order, the CIR(A) maintained certain additions aggregating to Rs. 493,971 including disallowance of finance cost amounting to Rs. 457,282 and remanded back the issue of imputed interest on loans to employees and executives. An appeal against the said appellate order was filed by the Company before the ATIR. The department also filed an appeal against the said appellate order challenging the action of CIR(A) deleting the addition on account of provision for retirement benefits.

In 2013, the ATIR issued an order whereby the aforementioned appeal was disposed off by accepting Company's position except for additions on account of SED provision of Rs. 36,689 and imputed interest on loans to employees and executives to the extent of Rs. 17,430, which were maintained.

The Company has filed a reference to the High Court of Sindh against the additions maintained by ATIR. The management of the Company based on the advice of its tax consultant, is confident that the ultimate outcome of the aforementioned matters would be favorable and consequently has not recognized the effects for the same in the consolidated condensed interim financial information.

14.1 Provision for Gas Infrastructure Development Cess

Under the Gas Infrastructure Development Cess Act, 2011, the Government of Pakistan levied Gas Infrastructure Development Cess (GIDC) on all industrial gas consumers at the rate of Rs.13 per MMBTU. The Federal Government then revised GIDC rate from Rs. 13 per MMBTU to Rs. 50 per MMBTU by issuing notification under OGRA Ordinance, 2002. The Company therefore filed a Suit before the Honorable High Court of Sindh which granted an ad-interim stay on March 5, 2013 in the favor of the Company. The Stay Order restrained the Sui Southern Gas Company Limited (SSGCL) from charging any amount of GIDC over and above Rs. 13 per MMBTU till the final decision of this matter.

Effective from January 1, 2014, GIDC rate was enhanced to Rs. 100 per MMBTU which remained unchanged till June 30, 2014. Thereafter, through the Finance Act, 2014, the GIDC rate was further increased to Rs 150 per MMBTU and Rs. 200 per MMBTU for industrial and captive power consumers, respectively.

On August 22, 2014 the Honorable Supreme Court, declared the entire levy of GIDC as unconstitutional against which Government's review petition is pending. Moreover, on September 24, 2014, the GIDC Ordinance, 2014 was promulgated against which Company has obtained ad-interim stay order from Honorable High Court of Sindh. This Stay Order has restrained SSGCL from charging and/or recovering GIDC under the new Ordinance till the final decision of this matter.

The Company is confident that the aforementioned matter will be decided in its favour, however, based on prudence, the Company has recorded a provision of Rs. 669,491 being the financial exposure of differential GIDC as at September 30, 2014.

9.1 Tax Year 2008

The Deputy Commissioner Inland Revenue (DCIR) through the order dated November 26, 2009 raised a tax demand of Rs. 213,172. The demand arose as a result of additions on account of trading liabilities of Rs. 47,582 under section 34(5) of the Income Tax Ordinance, 2001 (The Ordinance); disallowance of provision for retirement benefits of Rs. 5,899; adding imputed interest on loans to employees and executives of Rs. 16,069 to income; disallowing finance cost of Rs. 134,414 and not considering adjustment of minimum tax paid for tax years 2004 to 2007 against the above demand.

The Company filed an appeal against the aforesaid order before the Commissioner Inland Revenue Appeals [CIR(A)], but discharged the entire demand through adjustment against assessed refunds of Rs. 180,768 and paying balance of Rs. 32,404 'under protest'.

During 2011, through appellate order, the CIR(A) maintained certain additions aggregating Rs. 189,810 including finance cost amounting to Rs. 134,414 and remanded back the issue of imputed interest on loans to employees and executives and directed the DCIR to allow credit of the minimum tax charged for the period of tax years 2004 to 2007. An appeal against the said appellate order was filed by the Company before the Appellate Tribunal Inland Revenue (ATIR). The department also filed an appeal against the said appellate order challenging the actions of the CIR(A).

In 2013, the ATIR issued an order whereby the aforementioned appeal was disposed off by accepting Company's position except for additions on account of trading liabilities to the extent of Rs. 20,280 and minimum turnover tax for tax years 2004 and 2007 to the extent of Rs. 19,692 and Rs. 7,300 respectively, which were maintained.

The Company, based on the advice of its tax consultant has filed a reference to the High Court of Sindh against the additions maintained by ATIR. The management of the Company is confident that the ultimate outcome of the aforementioned matters would be favorable and consequently has not recognized the effects for the same in the condensed interim financial information.

9.2 Tax Year 2009

The DCIR through order dated November 30, 2010 raised a tax demand of Rs. 163,206. The demand arose as a result of disallowing finance cost of Rs. 457,282; additions to income of trading liabilities of Rs. 21,859 under section 34(5) of the Ordinance; disallowing provision for the retirement benefits of Rs. 14,239; disallowing provision against receivable of Special Excise Duty (SED) of Rs. 36,689; adding imputed interest on loans to employees and executives of Rs. 20,599 and not considering net loss as per the revised return as a consequence of the matter explained in note 11.3.

The entire demand of Rs. 163,206 was adjusted against assessed tax refunds and an appeal was filed by the Company before the CIR(A).

In 2011, through an appellate order, the CIR(A) maintained certain additions aggregating to Rs. 493,971 including disallowance of finance cost amounting to Rs. 457,282 and remanded back the issue of imputed interest on loans to employees and executives. An appeal against the said appellate order was filed by the Company before the ATIR. The department also filed an appeal against the said appellate order challenging the action of CIR(A) deleting the addition on account of provision for retirement benefits.

In 2013, the ATIR issued an order whereby the aforementioned appeal was disposed off by accepting Company's position except for additions on account of SED provision of Rs. 36,689 and imputed interest on loans to employees and executives to the extent of Rs. 17,430, which were maintained.

The Company has filed a reference to the High Court of Sindh against the additions maintained by ATIR. 14.1 Provision for Gas Infrastructure Development Cess

Under the Gas Infrastructure Development Cess Act, 2011, the Government of Pakistan levied Gas Infrastructure Development Cess (GIDC) on all industrial gas consumers at the rate of Rs.13 per MMBTU. The Federal Government then revised GIDC rate from Rs. 13 per MMBTU to Rs. 50 per MMBTU by issuing notification under OGRA Ordinance, 2002. The Company therefore filed a Suit before the Honorable High Court of Sindh which granted an ad-interim stay on March 5, 2013 in the favor of the Company. The Stay Order restrained the Sui Southern Gas Company Limited (SSGCL) from charging any amount of GIDC over and above Rs. 13 per MMBTU till the final decision of this matter.

Effective from January 1, 2014, GIDC rate was enhanced to Rs. 100 per MMBTU which remained unchanged till June 30, 2014. Thereafter, through the Finance Act, 2014, the GIDC rate was further increased to Rs 150 per MMBTU and Rs. 200 per MMBTU for industrial and captive power consumers, respectively.

On August 22, 2014 the Honorable Supreme Court, declared the entire levy of GIDC as unconstitutional against which Government's review petition is pending. Moreover, on September 24, 2014, the GIDC Ordinance, 2014 was promulgated against which Company has obtained ad-interim stay order from Honorable High Court of Sindh. This Stay Order has restrained SSGCL from charging and/ or recovering GIDC under the new Ordinance till the final decision of this matter.

The Company is confident that the aforementioned matter will be decided in its favour, however, based on prudence, the Company has recorded a provision of Rs. 669,491 being the financial exposure of differential GIDC as at September 30, 2014.

15. COMMITMENTS

15.1 The aggregate facility of performance guarantees issued by banks on behalf of the Company as at September 30, 2014 amounts to Rs. 1,165,000 (December 31, 2013: Rs. 1,165,000). The amount utilized there against is Rs. 1,030,860 (December 31, 2013: Rs. 946,859).
