Engro's investments in food & agri, petrochemicals, telecommunication infrastructure, and energy & related infrastructure are designed to enable nutrition, prosperity, connectivity, and progress for Pakistan.

About Us

Engro Corporation Limited is one of Pakistan's largest conglomerates with the company's business portfolio spanning across sectors including chemical fertilizers, PVC resin, telecommunication infrastructure, bulk liquid chemical terminal, foods and power generation. At Engro, our ambition is to become the premier Pakistani enterprise with a global reach.

It leads the company with a firm commitment to the values and spirit of Engro. In our journey to become a profitable, growth-oriented and sustainable company, our management structure has evolved to create a more transparent and accessible organization.

Our growth is driven by our people. Our culture is dynamic and energetic, with emphasis on our core values and loyalty of our employees. Our work environment promotes leadership, integrity, teamwork, diversity and excellence.

Our History

Today, Engro is one of Pakistan's most progressive, growth oriented organizations, managed under a holding structure that works towards better managing and oversight of subsidiaries and affiliates that are part of Engro's capital investments in Pakistan.

The company is also defined by its history, which reflects a rich legacy of innovation and growth. The seeds for the company were sown following the discovery of the Mari gas field by Esso / Mobil in 1957. Esso proposed the establishment of a urea plant, and the Esso Pakistan Fertilizer Company Limited was established in 1965 and began production in 1968. At US \$43 million with an annual production capacity of 173,000 tons, this was the single largest foreign investment by a multinational corporation in Pakistan at the time. As the nation's first fertilizer brand, the company also pioneered the education of farmers in Pakistan, helping to modernize traditional farming practices to boost farm yields, directly impacting the quality of life for farmers and the nation.

In 1978, Esso was renamed Exxon globally, and the company became Exxon Chemical Pakistan Limited. The business continued to prosper as it relentlessly pursued productivity gains and strived to attain professional excellence.

In 1991, following a decision by Exxon to divest its fertilizer business on a global basis, the employees of Exxon Chemical Pakistan Limited decided to buy out Exxon's share. This was, and perhaps still is, the most successful employee buy-out in the corporate history of Pakistan. Renamed Engro Chemical Pakistan Limited, the company continued to go from strength to strength, reflected in its consistent financial performance, growth and diversification.

In 2009 a decision was made to demerge the fertilizer business into an independent operating company to ensure undivided focus on the business's expansion and growth. In the best interests of a multi category business, expansion strategy and growth vision, the management decided that the various businesses would be better served if the company was converted to a holding company; Engro Corporation Limited.

From its inception as Esso Pakistan Fertilizer Company Limited in 1965 to Engro Corporation Limited in 2010, Engro has come a long way and will continue working towards its vision of becoming a premier Pakistani company with a global reach.

Business Continuity during the COVID-19 Pandemic

Amidst a global pandemic, the world is still adjusting to the new status quo while corporates around the world are reeling from the impact on businesses and assessing the road to recovery. Pakistan has one of the highest number of cases in the world, with the economic disruption caused by the pandemic aggravating an already struggling economy.

The Federal and Provincial Governments in Pakistan responded well to the crisis and implemented a carefully crafted lockdown phase. The lockdown enforced social distancing but allowed critical industries (food, health care, etc.) to operate, ensuring that one crisis does not lead to another. The impact of this virus on our economy is expected to be pervasive, with Asian Development Bank forecasting GDP contraction of 0.4% in FY 2020 and GDP growth of 2% in FY 2021.

The portfolio of Engro Corporation is well positioned to persevere through challenging times. Our philosophy of operating in sectors that help solve pressing issues facing Pakistan implies that most of our businesses are of critical nature to the day to day running of the society and continue to operate in times of lockdown. However, we highlight that profitability outlook will be revised and certain capital allocation plans may need review.

The Group has responded proactively during this time of crisis and has taken steps to try and minimize any impact to long term sustainability of cash flows. In addition, a central COVID-19 Crisis Management Committee has been constituted which actively monitors and manages the developing situation across our businesses with regards to the pandemic. On a subsidiary level, all our companies are following a robust risk management framework which comprehensively identifies immediate, medium-term and long-term risks, while also developing corresponding mitigation plans and enforcing remedial actions. All these measures will help us ensure long-term business continuity and sustainability.

In these challenging times, we remain committed to strive towards solving pressing issues of our time, improve lives of the people of Pakistan and have a positive impact on the society we operate in. In order to fight COVID-19 and its negative impacts on Pakistan, PKR 1 billion pledged by Engro, Dawood Hercules and the Group Chairman along with his family, is being deployed towards disease prevention, protecting healthcare practitioners, enabling patient care and bolstering livelihood and sustenance of the most deserving in society. Under the pledge, PKR 284 million has already been deployed. We believe we must remain fully transparent while attempting to make an impact and work toward saving lives. Information on how and where we apply funds from the pledge is open to the public and can be viewed at the pledge website <https://www.hussaindawoodpledge.com>.

Business Review

Our consolidated revenues (on a like-for-like basis, excluding Thar power project) in the first half of 2020 is approximately 20% lower than our 2019 revenues in the same period. The consolidated Profit-After-Tax (PAT) for the first half of 2020 was PKR 15,528 million, up by 37% from the comparative period, while PAT attributable to the shareholders increased to PKR 9,059 million from PKR 6,809 million during the same period last year. On a standalone basis, the Company posted a PAT of PKR 4,858 million against PKR 5,163 million for the same period last year, translating

into an EPS of PKR 8.43 per share. Lower PAT is mainly due to increase in business development spending, partially offset by increase in other income. The Board is pleased to announce an interim cash dividend of PKR 8 per share for the year ending December 31, 2020.

A brief review of significant business segments is as follows:

Fertilizers

The business achieved its highest-ever half yearly production of Urea in its history, as a result of continued focus on plant efficiency and engineering excellence. Sales during the current period were 847 KT compared to 887 KT in 1H 2019, a decrease of 5%, mainly due to overall market decline of 8% versus same period last year. The business was able to increase its urea market share to 32% vs 31% in 1H 2019, primarily due to higher production. Revenue was lower by 20% as compared to same period last year. PAT for the period stood at PKR 4,457 million against PKR 7,184 million in the comparative period owing to Urea price reduction, increased finance cost due to higher policy rates during Q1 and exchange loss on foreign currency borrowings.

Petrochemicals

The PVC production facility at Port Qasim was closed as a result of the restrictions with respect to the COVID-19 related lockdown. The facility resumed production on April 20th after formalization of Standard Operating Procedures (SOPs) and protocols in line with guidelines provided by the Sindh Government. Construction work related to PVC expansion and VCM debottlenecking projects resumed effective May 21st 2020 and the business is now targeting COD in the first quarter of 2021. We are currently reviewing the timing of other expansion projects. The Company remains committed to these projects and will inform the shareholders once there is further visibility of the impact on project completion timelines.

On the operational front, in 1H 2020, the business recorded a revenue of Rs. 12,874 million compared to Rs. 18,600 million in the same period last year. The business posted a PAT of Rs. 223 million against PKR 1,544 million in the comparative period owing to Plant shutdown due to gas leakage, suspension of operations due to COVID-19 and low demand for PVC and Caustic owing to market shutdown.

Energy and Power

Coal Mine: Mining operations continued smoothly, and the mine supplied approximately two million tons of coal to Engro Powergen Thar during 1H2020. Construction activities with respect to increasing the mine's capacity to double its current size is underway, with the contractor mobilized at site. However, the progress on overburden removal is slower than anticipated due to delay in equipment delivery as a result of COVID-19 lockdowns in China and Pakistan.

Thar Power Plant: The plant achieved 85% availability with a load factor of 83%, dispatching 2,175 GWh to the national grid during the period. Furthermore, it safely completed the first scheduled outage on both units with zero recordable injury.

Qadirpur Power Plant: The power plant operates on permeate gas and is facing gas curtailment due to depletion of the Qadirpur gas field. To make up for this shortfall, the plant has been made available on mixed mode. The Plant dispatched a Net Electrical Output of 264 GWh to the national grid with a load factor of 28% compared to 71% during similar period last year. Decline in load factor was primarily on account of lower offtake. The business posted a PAT of PKR 1,310 million for the current period as compared to PKR 1,867 million for the same period last year.

Terminal Operations

Profitability of both LNG and chemicals terminals remained healthy during the current period. The LNG terminal handled 36 cargoes, same as 1H2019. During this period, the business faced reduction in demand from the customer, however, there were no delays in collections.

Near-Term Outlook

We continue to take steps to monitor and prevent the effects of the COVID-19 virus, such as safety and health related measures for our people, securing additional financing to support continuity of our operations, securing the supply of materials that are essential to our production processes and communication to our key stakeholders. At this stage, we expect that the impact of COVID-19 on our businesses and results will be relatively contained, however this may change in the event of a second wave.

With lockdowns easing worldwide and declining cases in Pakistan, we foresee an improvement in economic activity and improvement in results of our businesses and their liquidity position. However, government interventions related to COVID 19 would play a key role in industry performance going forward.

The recent Supreme Court verdict settling the long-standing GIDC case poses a cashflow challenge to our Fertilizers and Petrochemicals business. The Group is assessing the impact of this decision on its portfolio and is considering all available options in this regard.

Moreover, after several rounds of discussions between IPPs representing the 2002 Power Policy projects and the Committee formed under the Ministry of Energy, an MoU has been signed to alter existing contractual arrangements with a view to reduce the cost of electricity in the country. The terms of the MoU are subject to the approval of NEPRA, Federal Cabinet, IPPs' Board of Directors, other necessary corporate approvals and execution of the final agreement between the relevant parties. As part of the MoU it has also been agreed that NEPRA and the Government of Pakistan will devise a mechanism for repayment of the outstanding receivables with agreement on payment of receivables within an agreed time period, which will be reflected in the final/definitive agreement to be signed, post shareholder approval. The Board of Directors of Engro Powergen Qadirpur Limited in their meeting held on August 17, 2020 have in-principle approved the terms of the MoU.

Fertilizers

Local urea demand may come under pressure going forward primarily in the event of resurgence of COVID-19 cases and the potential impact of a locust attack. On supply front, urea production based on indigenous gas-based plants is expected to be more than adequate to serve domestic demand whilst ensuring sufficient levels of safety stock during the course of the year. If continued availability of higher gas is ensured, the business would be able to produce significant incremental urea

Hussain Dawood
Chairman

volumes during the year, thereby allowing for necessary national buffer stocks.

The recent decision of the Government to operate RLNG based plants for 3 months will come at a cost of significant fiscal and current account burden, especially considering that urea is adequately supplied domestically. To take benefit of low RLNG spot prices, the Government should consider exports of urea that may generate foreign exchange inflows for the country.

Petrochemicals

Post easing of lockdown, the business foresees an improvement in domestic demand. International market for PVC and Ethylene, on the other hand, is susceptible to fears arising from the potential of a second wave and timing of vaccine development, as these factors will drive global demand for the products.

Ensuring safe operations at base plant by following Government of Sindh mandated SOPs developed to prevent the spread of COVID-19, completion of on-going projects safely and within communicated timelines, and optimizing of fixed costs would be key focus areas for the business during 2nd half of 2020.

Energy and Power

Engro remains committed to help alleviate the energy crisis in the country and we continue to explore opportunities in this vertical. The Government, however, has not been able to eliminate circular debt in the energy sector. As part of the MoU with IPPs, NEPRA and Government of Pakistan are expected to take measures to devise a mechanism for payment of outstanding receivables. We believe that in the absence of any concrete measures to address its root causes, as well as given the current pandemic situation prevalent, circular debt will remain a challenge for the industry going forward.

Terminal Operations

LNG terminal continues to play its role in alleviating some of the energy shortage faced by the country. Unfortunately, during this economic crisis, business is facing reduction in demand from the customer and its ability to pay remains a key variable. However, the business is continually evaluating the impact of the pandemic on operations and re-aligning its strategy to better cope with the posed challenges.

Acknowledgement

The Directors would like to express their deep appreciation to our shareholders who have always shown their confidence in the Company. We would also like to place on record our sincere appreciation for the commitment, dedication and innovative thinking put in by each member of the Engro family in these challenging times and are confident that they will continue to do so in the future.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

- International Accounting Standard 34, 'Interim Financial Reporting' (IAS 34), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 These unconsolidated condensed interim financial statements represents the condensed interim financial statements of the Company on a standalone basis. The consolidated condensed interim financial statements of the Company and its subsidiary companies is presented separately. The cumulative figures for the half year ended June 30, 2020 presented in these unconsolidated condensed interim financial statements have been subjected to limited scope review by the auditors of the Company, as required under section 237 of the Companies Act, 2017. These unconsolidated condensed interim financial statements do not include all the information required for annual financial statements and therefore should be read in conjunction with the audited annual financial statements of the Company for the year ended December 31, 2019.

2.3 The preparation of these unconsolidated condensed interim financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

During the preparation of these unconsolidated condensed interim financial statements, the significant judgements made by the management in applying the Company's accounting policies and the key sources of estimation and uncertainty are the same as those that were applied to audited annual financial statements of the Company for the year ended December 31, 2019.

IFRS 16 'Leases' - The amendment permits lessees, as a practical expedient, not to assess whether particular rent concessions occurring as a direct consequence of the covid-19 pandemic are lease modifications and instead to account for those rent concessions as if they are not lease modifications.

As a result, Rs 31,570 has been recognised in profit or loss account to reflect changes in lease payments arising from rent concessions that meet the conditions of the practical expedient.

2. BASIS FOR PREPARATION

2.1 These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprises of:

- International Accounting Standards 34, 'Interim Financial Reporting' (IAS 34), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017: and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 The preparation of these consolidated condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. During the preparation of these consolidated condensed interim financial statements, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation and uncertainty were the same as those that apply to the consolidated financial statements of the Group for the year ended December 31, 2019.

2.3 These consolidated condensed interim financial statements do not include all the information and disclosure required for consolidated annual financial statements and therefore should be read in conjunction with the audited consolidated annual financial statements of the Group for the year ended December 31, 2019.

2.4 On 11 March 2020, the World Health Organization declared Coronavirus disease (COVID-19) a pandemic, and its spread has gained momentum. As at June 30, 2020, COVID-19 has spread throughout the country and lockdowns have been imposed in most parts of the country. The measures taken to reduce the spread have resulted in an overall economic slowdown and disruptions to various businesses. As this is still an evolving situation at the time of issuing these consolidated condensed interim financial statements, the overall impact on the Group's financial position cannot be estimated with reasonable certainty.

3. BASIS OF CONSOLIDATION

3.1 The condensed interim financial statements of the subsidiary companies have been consolidated on a line by line basis. The carrying value of investments held by the Holding Company is eliminated against the subsidiaries' share capital and pre-acquisition reserves.

(Amounts in thousand)

3.3 The Group's interest in jointly controlled and associated entities i.e. Engro Vopak Terminal Limited, FrieslandCampina Engro Pakistan Limited, Sindh Engro Coal Mining Company Limited, GEL Utility Limited and SiddiqueSons Energy Limited has been accounted for using the equity method.

Foreign currency transactions and translations

These consolidated condensed interim financial statements are presented in Pakistan Rupees which is the Group's functional currency. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at period end exchange rates are capitalised as permissible under SRO 986 (I) 2019 dated September 02, 2019 issued by the Securities and Exchange Commission of Pakistan. This SRO has granted exemption from the requirements of International Accounting Standard (IAS) 21 - 'The Effects of Changes in Foreign Exchange Rates' to the extent of capitalisation of exchange differences to all companies that have executed their Power Purchase Agreements before January 1, 2019. Accordingly, the Group has capitalised all related exchange differences as per IAS 21 related to its power projects and has concluded that the retrospective application of this change is not material to these consolidated condensed interim financial statements.

9. TAXATION

Updates on significant tax matters are as follows:

The Holding Company

9.1 During the period, with respect to the matter disclosed in note 39.1 of the consolidated annual financial statements of the Holding Company for the year ended December 31, 2019, the Holding Company has received appeal effect orders both dated June 29, 2020 in respect of tax year 2011 and 2012 alongwith notices of demand amounting to Rs. 75,308 and Rs. 112,681, respectively, whereby the Deputy / Additional Commissioner Inland Revenue - Audit (ACIR) has disallowed allocation of expenses against interest income. Subsequent to the reporting date, an appeal has been filed before the Commissioner Inland Revenue (Appeals) (CIRA) against the said orders, which is pending for hearing. The Holding Company, based on the advice of its tax consultant, is confident that these matters will be decided in its favor. Accordingly, no provision has been recognized in these consolidated condensed interim financial statements.

9.2 During the period, the ACIR through order dated June 30, 2020 amended the return for the tax year 2014 creating tax demand of Rs 401,320 mainly on account of tax levied on capital gain on disposal of shares and inter-corporate dividend, disallowance of allocation of expenses against interest income and apportioned expenses against dividend income and capital gains. Subsequent to the reporting date, an appeal has been filed before the Commissioner Inland Revenue (Appeals) (CIRA) against the said order, and stay has been obtained. The Holding Company, based on the advice of its tax consultant, is confident that these matters will be decided in its favor. Accordingly, no provision has been recognized in these consolidated condensed interim financial statements.

9.3 During the period, the exemption on inter-corporate dividend was restored through amendment in the Income Tax Ordinance, 2001 vide Tax Laws (Amendment) Act 2020 (Act). However, the provision granting exemption from application of withholding tax on inter-corporate dividend, as previously deleted by Finance Act 2016, has not been restored by the Act. Hence, in respect of the inter-corporate dividend received by the Holding Company from its subsidiaries during the period, the Holding Company has obtained stay from the High Court for stay against deduction of withholding of tax on inter-corporate dividends.

Engro Fertilizers Limited

9.4 In previous years, the income tax department amended the assessment filed by Engro Fertilizers Limited, a subsidiary company (EFert), for the tax years 2015, 2016 and 2017. EFert filed appeals there against before the Commissioner Inland Revenue Appeals (CIRA) for disallowances made in the orders which mainly included proration of expenses to exempt / FTR incomes, exchange loss disallowances, loss on derivatives and losses purchased from Engro Eximp Agriproducts Limited under section 59B of the Income Tax Ordinance, 2001, resulting in cumulative addition of Rs. 16,173,826 to taxable income of these tax years. Last year, CIRA passed an order for tax years 2015, 2016 and 2017 maintaining most of the additions made by taxation officer in the amendment order, whilst allowing deletion of expenses on allocation basis to exempt income and claim of exchange losses on realised basis. EFert as well as the tax department has filed appeals against the order of CIRA before the Appellate Tribunal (ITAT). The matter was heard by the ITAT for tax year 2015 and 2016 on January 7, 2020.

(Amounts in thousand)

During the period, ITAT passed an order for tax year 2015 and 2016 and decided all matters in favor of EFert, except for disallowance of provisions on inventories that was maintained. EFert is confident of a favourable outcome on these amendments and therefore no provision has been recognised in this respect in these consolidated condensed interim financial statements.

9.5 In the year 2017, the High Court of Islamabad in its order dated June 8, 2017 declared that the income derived by a Contractor from its contract with EFert, is subject to tax as per Clause 4 of Article 5 of Double Taxation Treaty between Pakistan and the Netherlands. Thus confirming demand order issued of Rs. 1,178,391. In respect thereof, the Contractor preferred an appeal in the Supreme Court of Pakistan (SCP) and the proceedings in relation thereto are currently pending. It is expected that on adjudication on the merits of the case, the exposure will not exceed Rs. 200,000 for the EFert.

Although certain implications arise under the terms of the Contract, the chances of any obligation crystallising on part of EFert given the time lines of any separate proceedings under the Income Tax Ordinance, 2001 are remote. Accordingly, no provision has been made in respect of the demand order issued by the tax department.

Engro Polymer and Chemicals Limited

9.6 Through the notice dated January 20, 2020 the Additional Commissioner Inland Revenue (ACIR) raised issues inter alia with respect to the adjustment of carried forward minimum taxes from the tax liability of Tax Year 2019 and required Engro Polymer and Chemicals Limited (EPCL), a subsidiary company to pay Rs. 552,331 being the amount short paid with the return. EPCL has filed a Constitutional Petition in the High Court of Sindh (SHC) challenging the notice, which through order dated February 4, 2020, dismissed the case based on the decision of the SHC in respect of another company. However, the SHC directed the department to refrain from passing the order on the basis of the aforesaid notice for a period of thirty days which was then extended for further 30 days to enable EPCL to approach the Supreme Court (SC). EPCL has filed Civil Petition for Leave to Appeal I against SHC order in Supreme Court, which was heard on March 18, 2020 and an interim stay has been granted to EPCL subject to the submission of Bank Guarantee equivalent to the order amount, which has been duly submitted by EPCL. EPCL based on legal advisor view continues to recognise a deferred tax asset on recoupable minimum turnover tax in respect of current period amounting to Rs. 143,791 based on its financial projections, which it expects to recoup in the ensuing years.

Engro Elengy Terminal (Private) Limited

ڈائریکٹرز رپورٹ

انٹگرو کارپوریشن لیمنڈ کے ڈائریکٹرز کمپنی کے عبوری مالیاتی اسٹیٹمنٹس کا خلاصہ برائے ششماہی مہینہ 30 جون 2020 پیش کرتے ہوئے خوشی محسوس کر رہے ہیں۔

COVID-19 کی عالمی وبا کے دوران میں کاروباری عمل کا تسلسل عالمی وبا کے درمیان، دنیا ابھی بھی نئی موجودہ صورتحال کے ساتھ ایڈجسٹ کرنے میں کوشاں ہے جب کہ دنیا بھر کے ادارے کاروبار پر پڑنے والے اثرات سے ڈگمگا رہے ہیں اور بحالی کے راستے تلاش کر رہے ہیں۔ پاکستان کا شمار دنیا کے سب سے زیادہ کمیسز والے ممالک میں ہوتا ہے جہاں اس وبا نے پہلے ہی سے ذوقی معیشت کو تباہی سے قریب کر دیا ہے۔

وفاقی اور صوبائی حکومتوں نے اس بحران سے نمٹنے کیلئے بہتر طریقہ اختیار کیا اور محتاط نوعیت کے لاک ڈاؤن کا نفاذ کیا۔ لاک ڈاؤن میں سماجی فاصلے کو لازمی قرار دیا لیکن اہم صنعتوں (فوڈ، ہیلتھ کیئر وغیرہ) کو کام جاری رکھنے کی اجازت دی تاکہ ایک بحران دوسرے بحران کا پیش خیمہ نہ بن جائے۔ اس وائرس کے ہماری معیشت پر اثرات جاری رہنے کی توقع ہے اور اسٹین ڈیولپمنٹ بینک نے مالی سال 2020 میں GDP میں 0.4% کمی اور مالی سال 2021 میں 2% گرتھ کی پیش گوئی کی ہے۔

انٹگرو کارپوریشن کا پورٹ فولیو اس چیلنج کے عرصے میں مستحکم رہنے کی حالت میں ہے۔ ہماری مختلف شعبہ جات میں آپریٹنگ کی فلاحی، جو پاکستان کو درپیش مسائل کے دہانے سے نکلنے میں مددگار ثابت ہوگی، اس بات کی متقاضی ہے کہ ہمارے اکثر کاروبار جو معاشرے میں روز مرہ ضروریات کیلئے اہم نوعیت کے ہیں، لاک ڈاؤن کے دوران میں ان کا کاروباری عمل جاری رکھا جائے۔ تاہم ہم مستقبل میں منفعت کے امکانات پر نظر ثانی کرنے اور سرمایہ کاری کی تفویض کے بعض منصوبوں کا جائزہ لینے کی ضرورت کو نمایاں رکھیں گے۔

گروپ نے اس بحران کے عرصہ میں مستعدی کا مظاہرہ کیا ہے اور کیش فلو کے طویل مدت تک استحکام پر پڑنے والے اثرات کو کم کرنے کی کوشش کے طور پر بعض اقدامات کئے ہیں۔ اس کے علاوہ ایک مرکزی COVID-19 کراسس مینجمنٹ کمیٹی تشکیل دی گئی ہے جو مستعدی کے ساتھ وبا کے حوالے سے ہمارے کاروبار میں بدلتی صورتحال کی نگرانی کرے گی اور اس کا بندوبست کرے گی۔

سبسڈیری کی سطح پر ہماری تمام کمپنیاں ایک بھر پور رسک مینجمنٹ فریم ورک پر عمل پیرا ہیں جو جامع طور پر اوسط مدت اور طویل مدت کے خطرات (Risks) کی فوری شناخت کرتی ہے اور اس کے ساتھ ان کے تدارک کے منصوبے تیار کر رہی ہے نیز ان کے عمل کی کارروائی کا عمل جاری ہے۔ یہ تمام اقدامات ہمیں کاروبار کے طویل عرصے تک جاری رہنے اور اس کی پائیداری کو یقینی بنانے میں مددگار ہوں گے۔

اس چیلنج کے دور میں، ہم اپنے دہانے کے مسائل کو حل کرنے، پاکستان کے عوام کی زندگیوں کو بہتر بنانے کی کوششوں کیلئے پرعزم ہیں اور اس کے علاوہ جس معاشرے میں ہم کام کر رہے ہیں، اس پر بھی مثبت اثرات مرتب کرنے کیلئے کوشاں ہیں۔ پاکستان میں COVID-19 اور اس کے منفی اثرات سے نبرد آزما ہونے کیلئے، انٹگرو، ڈاؤن ہر کولیس اور گروپ چیئر مین اور ان کی فیملی نے 1 بلین پاکستانی روپے بیماریوں سے تحفظ، ہیلتھ کیئر کے عملے کی حفاظت، مریضوں کی دیکھ بھال اور بے سہارا لوگوں کی زندگیوں کو سہارا دینے اور معاشرے کے انتہائی مستحق افراد کی امداد کے لئے مختص کئے ہیں۔ اس مختص رقم سے 284 ملین پاکستانی روپے پہلے ہی فراہم کئے جا چکے ہیں۔ ہم یقین رکھتے ہیں کہ ہمیں کسی بھی امدادی اور زندگیوں کو بچانے کے کاموں کو مکمل طور سے شفافیت کے ساتھ انجام دینا چاہئے۔ ہم اس مخصوص رقم سے کس طرح اور کہاں فنڈز مینا کرتے ہیں، عوام کے سامنے پیش کر رہے جن کو ہماری ویب سائٹ <https://www.hussaindawardwoodpledge.com> پر دیکھا جاسکتا ہے۔

کاروبار کا جائزہ

2020 کے پہلے نصف حصے میں ہماری مجموعی آمدنی (like-for-like) بنیاد پر، علاوہ تھر پاور پروڈیکٹ) ہماری 2019 کی اسی مدت کی آمدنی سے تقریباً 20% کم ہوئی۔ 2020 کی پہلی نصف مدت میں مجموعی بعد از ٹیکس منافع (PAT) 15,528 ملین پاکستانی روپے حاصل ہوا جو سابقہ مدت کے مقابلے میں 37% زیادہ ہے جب کہ PAT کے باعث 2020 کے پہلے نصف عرصے میں شیئر ہولڈرز کی آمدنی گزشتہ سال کی اسی مدت کی آمدنی 6,809 سے بڑھ کر 9,059 پاکستانی روپے ہوئی۔ انفرادی حیثیت میں کمپنی نے PAT کی مد میں 4,858 ملین روپے حاصل کئے جب کہ گزشتہ سال اسی مدت میں 5,163 ملین روپے حاصل ہوئے تھے، اس کے مطابق اس مرتبہ فی شیئر آمدنی 8.43 پاکستانی روپے رہی۔ PAT میں کمی کی بڑی وجہ کاروباری ترقیاتی اخراجات میں اضافہ تھا جو جزوی طور پر دیگر آمدنیوں میں کمی کے سبب ہوا تھا۔ بورڈ ہمسرت سال مہینہ 31 دسمبر 2020 کیلئے 8 پاکستانی روپے فی شیئر کے عبوری نقد منافع کا اعلان کرتا ہے۔

نمایاں کاروباری شعبہ جات کا مختصر جائزہ درج ذیل ہے:

فریٹلائزرز

کاروباری تاریخ میں پہلی مرتبہ ایک ششماہی میں یوریا کی بلند ترین پیداوار حاصل ہوئی جو پلانٹ کی استعداد اور انجینئرنگ کی اعلیٰ مہارت کا نتیجہ ہے۔ موجودہ مدت کے دوران میں KT 847 کی سائز ہوئی جو کہ 1H 2019 میں KT 887 کی سیل کے مقابلے میں 5% کم ہے۔ اس کی وجہ گزشتہ سال کی اسی مدت کے مقابلے میں مارکیٹ میں مجموعی طور پر 8% کمی آئی تھی۔

1H 2019 میں یوریا کے 31% مارکیٹ شیئر کے مقابلے میں اس سال مارکیٹ شیئر 32% ہو گیا جس کی بنیادی وجہ زیادہ پروڈکشن تھی۔ تاہم گزشتہ سال کے مقابلے میں 20% کم آمدنی ہوئی۔ اس مدت میں PTA کی مد میں 4,457 ملین پاکستانی روپے حاصل ہوئے جب کہ اس کے مقابلے میں گزشتہ سال 7,184 ملین پاکستانی روپے حاصل ہوئے تھے جس کی وجہ یوریا کی قیمت میں کمی، پہلی سہ ماہی میں پائسی ریش میں اضافے کی وجہ سے زیادہ مالیاتی لاگت اور غیر ملکی کرنسی کے قرضہ میں زرمبادلہ کا نقصان تھی۔

پیرو کیمیکلز

COVID-19 سے متعلق لاک ڈاؤن کے سلسلے میں حکومت کی لازمی پابندیوں کے باعث پورٹ ٹائم پر PVC پروڈکشن فیسیلٹی کو بند کر دیا گیا۔ تاہم اسٹینڈرڈ آپریٹنگ پروسیجرز (SOPs) کی تشکیل اور سندھ حکومت کی رہنما ہدایات کی پیروی میں پروڈکشن کے تحت 20 اپریل سے فیسیلٹی میں پروڈکشن کا دوبارہ آغاز ہو گیا۔ PVC کی توسیع سے متعلق تعمیراتی کام اور VCM ڈی پوزٹ ٹینک پروجیکٹس پر 21 مئی 2020 سے کام شروع کر دیا گیا اور اب 2021 کی پہلی سہ ماہی میں COD کے کاروباری ہدف کی تیاری جاری ہے۔ ہم اس وقت دیگر توسیعی پروجیکٹس کے لئے وقت کے تعین کا جائزہ لے رہے ہیں۔ کمپنی ان پروجیکٹس کے لئے پرعزم ہے اور جیسے ہی پروڈیکٹ کی تکمیل کی مدت کے مزید امکانات سامنے آئے، ہم شیئر ہولڈرز کو آگاہ کریں گے۔

آپریٹرز کے عہدہ پر 1H 2020 میں کاروبار میں 12,874 ملین روپے کی آمدنی حاصل ہوئی جب کہ گزشتہ سال اسی مدت میں 18,600 ملین روپے کی آمدنی ہوئی تھی۔ کاروبار میں PAT کی مد میں 223 ملین روپے حاصل ہوئے جبکہ سابقہ مدت میں 1,544 ملین روپے حاصل ہوئے تھے، جس کی وجہ ٹیکس کٹج، COVID-19 کے باعث کاروباری عمل اور مارکیٹ کی بندش اور PVC اور کاسٹک کی طلب میں کمی کے نتیجے میں پلانٹ کا بند ہونا تھی۔

انرجی اور پاور

کول مائن: 1H 2020 کے دوران میں مائننگ کے آپریٹرز روٹائی کے ساتھ جاری رہے اور مائن نے انٹگرو پاور جن تھر کو تقریباً دو ملین ٹن کول فراہم کیا۔ مائن کی گھنٹوں کو بڑھانے کیلئے اس کے موجود سائز کو دوگنا کرنے کے سلسلے میں سائٹ پر کنٹریکٹس تعمیراتی سرگرمیوں میں مصروف عمل ہے تاہم اضافی بوجھ کو کم کرنے کا مکمل توقع سے زیادہ ست روٹی کا شکار ہے کیونکہ COVID-19 کے نتیجے میں چین اور پاکستان میں لاک ڈاؤن کے باعث ایکویپمنٹ کی ڈیلیوری میں تاخیر ہو گئی تھی۔

تھر پاور پلانٹ: پلانٹ نے موجودہ مدت میں 83% لوڈ فیکٹر کے ساتھ 85% دستیابی کا ہدف حاصل کر لیا اور 2,175 GWh میٹریل گزرتے ہوئے دیا گیا۔ اس کے علاوہ پلانٹ کے دونوں یونٹس پر صفر قابل ذکر انرجی کے ساتھ مقرر کردہ وقت (scheduled) کے مطابق پاور کی پہلی بندش کا عمل بحفاظت مکمل ہو گیا۔

تھر پاور پاور پلانٹ: پاور پلانٹ بھر پور گیس کے ساتھ کام کرتا ہے اور تھر پاور یونٹس فیلڈ میں کمی کے سبب گیس کی کمی کا شکار ہے۔ اس قلت کو پورا کرنے کیلئے پلانٹ کو کمڈ موڈ پر کر دیا گیا ہے۔ پلانٹ نے میٹریل گزرتے ہوئے 28% لوڈ فیکٹر کے ساتھ 264 GWh خالص الیکٹریکل آؤٹ پٹ روانہ کر دی جو کہ گزشتہ سال اسی مدت میں 71% کے ساتھ روانہ کی گئی تھی۔ لوڈ فیکٹر میں کمی کی ابتدائی وجہ

آف ٹیک میں کمی تھی۔ موجودہ مدت کیلئے کاروبار میں 1,310 ملین روپے کا بعد از ٹیکس منافع (PAT) ریکارڈ ہوا جبکہ گزشتہ سال کی اسی عرصے میں 1,867 ملین روپے حاصل ہوا تھا۔

ٹریٹمنٹ آپریٹرز

موجودہ مدت میں LNG اور کیمیکلز ٹریٹمنٹز دونوں کی منفعت کافی بہتر رہی۔ LNG ٹریٹمنٹ پر 36 کارگوز کو پنڈل کیا گیا، یہ تعداد 1H 2019 کی تعداد کے برابر ہے۔ اس مدت کے دوران میں کاروبار کو صارفین کی جانب سے طلب میں کمی کا سامنا ہوا جبکہ ٹیکسٹ میں کوئی تاخیر نہیں ہوئی۔

مستقبل قریب کے امکانات

ہم مسلسل COVID-19 وائرس کے اثرات کی نگرانی اور ان سے بچاؤ کے اقدامات کر رہے ہیں جیسے اپنے لوگوں کے تحفظ اور صحت سے متعلق اقدامات، اپنے آپریٹرز کے سلسلے میں مدد کیلئے فنانسنگ کی اضافی پکٹ، اپنے پروڈکشن کے پروسیسز کیلئے ضروری میٹریل کی فراہمی کا معقول انتظام رکھنا اور اپنے کلیدی اسٹیک ہولڈرز کے ساتھ رابطہ برقرار رکھنا شامل ہیں۔

اس مرحلے پر ہم توقع کرتے ہیں کہ ہمارے کاروبار پر COVID-19 کے اثرات میں کمی آئے گی اور نتائج نسبتاً بہتر ہوں گے۔ تاہم یہ صورتحال دوسری لہر آنے کی صورت میں تبدیل ہو سکتی ہے۔

دنیا بھر میں لاک ڈاؤن میں نرمی اور پاکستان میں کیمسٹری میں کمی کے سبب، ہمیں معاشی سرگرمیوں میں مزید بہتری اور ہمارے کاروباری نتائج نیز لیکویڈیٹی کی صورتحال کے بہتر ہونے کے امکانات نظر آ رہے ہیں۔ تاہم حکومت کی جانب سے COVID 19 سے متعلق مدافعتی اقدامات، صنعت کی کارکردگی کی ترقی میں کلیدی کردار ادا کریں گے۔

GIDC کے دیرینہ کیس کے تصفیہ کے سلسلے میں سپریم کورٹ کا حالیہ فیصلہ ہمارے فریڈلائرز اور جیٹرو کیمیکلز برڈس کے نقد بہاؤ کا فیصلہ ثابت ہوا ہے۔ چنانچہ گروپ اپنے پورٹ فولیو پر اس فیصلے کے اثرات کی جانچ کر رہا ہے اور اس سلسلے میں دستیاب متبادل انتظام (Options) پر غور کر رہا ہے۔

اس کے علاوہ 2002 پاور پالیسی پروٹیکشنس کی نمائندگی کرنے والی IPPs اور وزارت توانائی کی جانب سے تشکیل کردہ کمیٹی کے درمیان گفت و شنید کے کئی راؤنڈز کے بعد ملک میں بجلی کی قیمت کم کرنے کیلئے موجودہ کنٹریکٹ کے معاہدہ کو تبدیل کرنے کیلئے ایک MoU دستخط ہوئے ہیں۔ یہ MoU، NEPRا اور وفاقی حکومت، IPPs کے بورڈ آف ڈائریکٹرز کی منظوری اور دیگر کارپورٹ منظوریوں اور متعلقہ پارٹیز کے درمیان عمل درآمد کے حتمی معاہدے سے مشروط ہے۔ MoU میں یہ بھی اتفاق کیا گیا ہے کہ NEPRا اور حکومت پاکستان ایک متفقہ مقررہ مدت میں واجب الادا وصولیوں کی واپس ادائیگی مع وصولیوں کی ادائیگی کیلئے طریقہ کار وضع کریں گے جو شیئر ہولڈرز کی منظوری کے بعد دستخط کئے جانے والے حتمی/فطنی معاہدے میں درج کیا جائے گا۔ لنڈر و پاور جن کوارڈر لیٹڈ کے بورڈ آف ڈائریکٹرز نے 17 اگست 2020 کو ہونے والی اپنی میٹنگ میں اصولی طور پر MoU کی شرائط کو منظور کر لیا ہے۔

مستقبل میں COVID-19 کے کسب دوبارہ بڑھنے اور نڈی دل کے حملے کے ممکنہ اثرات کے تحت مقامی یوریا کی طلب پر دباؤ پڑ سکتا ہے سپلائی کے لحاظ پر مقامی گیس پر مبنی پلانٹس کے ذریعہ ملکی طلب پورا کرنے کیلئے یوریا کی پروڈکشن کے مناسب حد تک زیادہ ہونے کی توقع ہے جب کہ سال کے بقیہ عرصے کیلئے کافی حد تک محفوظ اسٹاک کو یقینی بنایا جا رہا ہے۔ اگر یقینی طور پر زیادہ گیس دستیاب ہوئی تو سال کے دوران میں کاروبار میں یوریا کی پیداوار میں نمایاں اضافہ ہو سکتا ہے جو قومی اسٹاک میں کمی کو پورا کر سکے۔

حکومت کی جانب سے RLNG پر مبنی پلانٹس کو تین ماہ کیلئے آپریٹ کے حالیہ فیصلے سے مایاتی اور کرنٹ اکاؤنٹ پر نمایاں بوجھ پڑ سکتا ہے RLNG کی کم اسٹاک قیمت کا فائدہ اٹھانے کیلئے حکومت کو یوریا کی برآمد پر توجہ دینی چاہئے تاکہ ملک کیلئے زرمبادلہ کا اندرونی بہاؤ ہو۔

لاک ڈاؤن میں نرمی کے بعد کاروبار کیلئے مقامی طلب میں بہتری کے امکانات

نظر آ رہے ہیں۔ دوسری جانب PVC اور Ethylene کیلئے بین الاقوامی مارکیٹ دبا کی دوسری لہر کے امکان اور ویکسین کی تیاری میں وقت گزرنے کے باعث خوف کا شکار ہے کیونکہ انہی عناصر کے تحت پروڈکشن کی عالمی طلب کا تعین ہوگا۔

حکومت سندھ کی جانب سے COVID-19 کے پھیلاؤ کو روکنے کیلئے لازمی SOPs کے مطابق بیس پلانٹ پر محفوظ آپریشنز کو یقینی بنانا اور 2020 کے دوسرے نصف عرصے میں جاری منصوبوں کی بحفاظت اور مقررہ مدت کے اندر تکمیل اور مقررہ لاگت کو مناسب ترین رکھنا بنیادی توجہ کے شعبہ جات ہیں۔

لنڈر و ملک کو توانائی کے بحران نکلانے میں مدد کیلئے پرمزم ہے اور ہم اس مقصد کیلئے مواقع دریافت کرتے رہیں گے۔ توقع ہے کہ IPPs کے ساتھ MoU کے سلسلے میں NEPRا اور حکومت پاکستان واجب الادا وصولیوں کی ادائیگی کیلئے طریقہ کار وضع کرنے کیلئے اقدامات کریں گے۔ تاہم حکومت توانائی کے شعبہ میں کردہشی قرضے کو ختم نہیں کر سکی ہے۔ ہمیں یقین ہے کہ اس کی بنیادی وجوہات کو ختم کرنے کیلئے کسی ٹھوس اقدام کی غیر موجودگی میں، خاص طور پر موجودہ دبا کی صورتحال کے جاری رہنے پر، صنعتی ترقی کیلئے کردہشی قرضہ ایک چیلنج رہے گا۔

ٹریڈنگ آپریشنز

LNG ٹریڈنگ نے ملک کو درپیش توانائی کی قلت کو کچھ حد تک کم کرنے کیلئے اپنا کردار ادا کر رہا ہے۔ بد قسمتی سے معاشی بحران کے دوران میں کاروبار کو صارفین کی جانب سے طلب میں کمی کا سامنا ہے اور اس کی بقیہ جات کی ادائیگی کی صورتحال بھی واضح نہیں ہے۔ تاہم کاروبار آپریشنز پر دبا کے اثرات کی مسلسل جانچ کر رہا ہے اور اپنی حکمت عملی کو موجودہ چیلنجز سے بہتر طور پر نمٹنے کیلئے دوبارہ مرتب کر رہا ہے۔

اعتراف

ڈائریکٹرز اپنے شیئر ہولڈرز کے تہہ دل سے ممنون ہیں جنہوں نے کمپنی پر اعتماد کا اظہار کیا۔ ہم اس چیلنج والی مدت میں لنڈر و فیملی کے ہر ممبر کے عزم، خلوص اور جدت پسند سوچ کیلئے ان کے بے حد شکر گزار ہیں اور ہمیں بھروسہ ہے کہ وہ مستقبل میں بھی اسی لگن کے ساتھ کام کرتے رہیں گے۔
